

You're Invited!

Sequoias to the Sloughs (S2S) Kick-Off

Thanks to a generous WaterSMART Cooperative Watershed Management Program grant from the U.S. Bureau of Reclamation, the Tulare Basin Watershed Partnership is excited to announce the kick-off meeting for the Sequoias to the Sloughs (S2S): A Watershed Assessment and Stewardship Initiative, and we want you to be involved!

July 7, 2026 | 1:00 - 3:00 PM

Virtual Session via Zoom

[Register HERE](#)

What to expect:

- An overview of the project's framework, including: geographic scope (Tule River and Deer Creek watersheds), timeline, primary goals, larger purpose, deliverables, and the roles of key advisory/technical groups
- Information on how you/your organization can engage with and shape the S2S initiative
- A discussion among attendees and project partners about the initiative's intent and potential to:
 - Enhance long-term Subbasin and regional resilience and vitality with a more unified vision of a desired future that connects the upper watershed and valley floor
 - Connect and support past and present water, agricultural viability, habitat, flood management, and socio-economic development efforts
 - Build the capacity for long-term collaboration and more integrated solutions

Your participation is vital to ensure this effort reflects your interests and priorities.

Partners and Allies:

Visit the [S2S Program website](https://www.tularebasinwatershedpartnership.org) at <https://www.tularebasinwatershedpartnership.org> for more information. Thank you!
